

INTEGRATED WAREHOUSE SOLUTIONS® RECEIVES INDUSTRY AWARD

December 29, 2020

Fort Worth, TX – Integrated Warehouse Solutions has earned the prestigious MVS (Most Valuable Supplier) Award for achievements in 2020. The MVS Award is granted by the industry’s trade association, MHEDA (Material Handling Equipment Distributors Association) to less than 10% of all member companies. This is the sixth consecutive year that IWS has earned the MVS Award. This industry award recognizes companies who have demonstrated an exemplary commitment to their dealer network, their employees and their community.

To qualify for the MVS Award, IWS was required to meet a series of criteria in several areas important to the distributor companies who do business with them. In addition to confirming an on-going commitment to safety and employee training, award recipients must provide documentation of active participation in a program that “gives back.”

MVS Award winners have demonstrated an overall commitment to business excellence by documenting programs in the following areas:

- Industry Advocacy
- Distributor Advocacy
- Business Networking
- Continuing Education
- Business Best Practices

“We couldn’t be prouder of the entire IWS team. They remain dedicated to exceeding the expectations of our customers in every way and regardless of the unique challenges brought about by COVID-19 in 2020. We are grateful for the opportunity to serve each one of our customers with world-class service and products”, said Ciaran Farrell, President of Integrated Warehouse Solutions.

“Both of MHEDA’s Awards, the MVP and MVS, are difficult to achieve without a companywide commitment to excellence in education, networking, and community service. The companies that earn this distinction from MHEDA are the premier materials handling providers in the industry,” said Mike Wall, 2020 MHEDA Chairman of the Board and President of CSI Materials Handling in Westmont, IL.

Integrated Warehouse Solutions® represents the coming together of quality known brands within the material handling industry to serve the needs of customers on an international basis. As a solutions provider, they strive to design, manufacture and market products that exceed user expectations. Their products focus on making the work environment both safer and more efficient. Current brands include Bluff Manufacturing, Nordock, Wesco Industrial Products and Lexco. For more information, visit iwsolutions.com

The Material Handling Equipment Distributors Association (MHEDA) is the premier trade association dedicated to serving all segments of the material handling business community. MHEDA represents close 600 companies in the material handling equipment business. Located in suburban Chicago, the association provides services to companies seeking to improve their business through education, networking, benchmarking and best practices. For more information, visit mheda.org.
